INDEPENDENT AUDITORS' REPORT

June 26, 2008

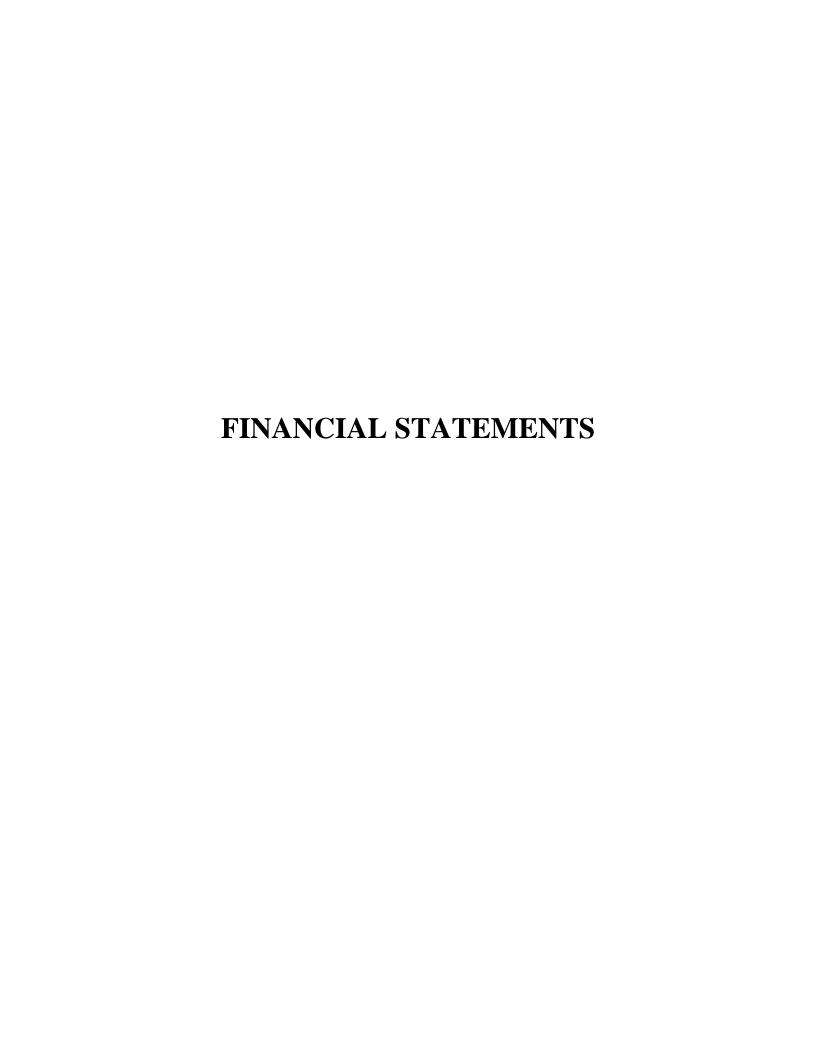

Board of Directors Western Washtenaw Recycling Authority Chelsea, Michigan

We have audited the accompanying financial statements of the **WESTERN WASHTENAW RECYCLING AUTHORITY** as of and for the year ended December 31, 2007, as listed in the table of contents. These financial statements are the responsibility of the Western Washtenaw Recycling Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Western Washtenaw Recycling Authority, as of December 31, 2007, and the changes in its financial position and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Western Washtenaw Recycling Authority has not presented Management's Discussion and Analysis as required supplementary information. The GASB has determined that such information is necessary to supplement, although not required to be part of, the basic financial statements.

Notes To Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Western Washtenaw Recycling Authority ("Authority") provides recycling services primarily for the benefit of citizens within the Authority's special assessment districts in Washtenaw County, Michigan. The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

The Authority is governed by a Board of Directors that is appointed by the member municipalities. As required by generally accepted accounting principles, these financial statements present the Western Washtenaw Recycling Authority. The Authority has no component units that are required to be included in the financial statements.

Basis of Accounting

The Authority utilizes a single enterprise fund (proprietary fund type) and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The Authority is accounted for on a cost of services or *economic resources* measurement focus. This means that all liabilities (whether current or non-current) associated with its activity are included on the statement of net assets and its operating statement presents increases (revenues) and decreases (expenses) in net assets.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their enterprise funds, subject to this same limitation. The Authority has elected not to follow subsequent private-sector guidance.

Notes To Financial Statements

Cash and Cash Equivalents

The Authority considers all investments purchased with an original maturity of three months or less to be cash equivalents.

Investments

State statutes authorize the government to deposit in the accounts of federally insured banks, credit unions, and savings and loan associations, and to invest in obligations of the U.S. Treasury, certain commercial paper, repurchase agreements, bankers acceptances, and mutual funds composed of otherwise legal investments.

Amounts on Deposit with Washtenaw County

The Authority has an account with Washtenaw County whereby special assessment payments are collected and certain disbursements are approved. The account was set up to provide assurance that the monies received from special assessments would be properly accounted for and disbursed.

Property and Equipment

Capital assets, which include property and equipment, are recorded at cost. Donated capital assets, if any, are recorded at estimated fair value at the date of donation. Maintenance and repairs are charged to expense as incurred and renewals and betterments are capitalized on the basis of cost. Depreciation is computed under the straight-line method at annual rates which are sufficient to amortize the gross carrying amounts over the estimated useful lives of the assets, which are as follows:

Vacana

	<u>r ears</u>
Buildings and building improvements	15-50
Equipment, furniture and fixtures	7-20

2. CASH AND CASH EQUIVALENTS

At year end, the carrying amount of deposits for the Authority was \$108,574. The combined bank balance was \$107,353. Of the bank balance, \$100,000 was covered by federal depository insurance. The remaining balance of \$7,353 was uninsured and uncollateralized.

Notes To Financial Statements

3. CAPITAL ASSETS

The Authority's capital assets activity for the year ended December 31, 2007 was as follows:

	Beginning Balance		Increases		Decreases		Ending Balance	
Capital assets, not being depreciated:								
Construction in progress	\$	4	\$	4,790	\$		\$	4,790
Capital assets, being depreciated:								
Buildings	26	54,059		4		-		264,059
Equipment	799,899		11,533		(1,039)		810,393	
Less accumulated depreciation for:								
Buildings	(6	66,682)		(5,274)				(71,956)
Equipment	(45	50,875)		(61,701)		364		(512,212)
Total capital assets, being depreciated, net	54	46,401		(55,442)		(675)		490,284
Capital assets, net	\$ 54	46,401	\$	(50,652)	\$	(675)	\$	495,074

4. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits. The Authority uses commercial insurance for all claims other than workers' compensation claims and participates in the Michigan Municipal League risk pool for claims relating to workers' compensation claims.

The Michigan Municipal League risk pool program operates as a common risk-sharing management program for local units of government in Michigan; member premiums are used to purchase commercial excess insurance coverage and to pay member claims in excess of deductible amounts.
